

## FIRST CLASS, PERSONALIZED CUSTOMER SERVICE WE'VE GOT YOU COVERED

Xoran's Warranty and Comprehensive Service Plan  
Provides You with  
A Turnkey Service Solution

- Unlimited onsite service
- Unlimited remote diagnostics and support
- Unlimited software upgrades
- Unlimited support of [XoranConnect](#)  
web image storage and remote access
- Annual preventive maintenance

**Xoran is passionate about helping  
animals and supporting Veterinarians.**

**If you need help with your VetCAT,** you will be speaking with the people who invented the technology, wrote the software, and designed and built the VetCAT scanner in Ann Arbor, Michigan. All the technical expertise for your scanner's service and maintenance and our passionate dedication to customer support are available to you in one phone call.

**VetCAT™**  
portable CT for your clinic

# TRAIN IN ONE DAY.

**Designed for clinicians,** VetCAT is intuitive, user-friendly, and easy to learn.

**Xoran's Customer Service Engineers** will deliver and personally train you on your new VetCAT.

**Learning how to use VetCAT** is so simple that you can train in the morning and scan in the afternoon.

## ADVANCED TRAINING AND WEBINARS

Xoran's President, an expert in cone-beam CT, offers advanced, customized training and support for VetCAT customers, and periodically hosts VetCAT Webinars.

### David Sarment, DDS, MS

Dr. Sarment has 20+ years experience as a practicing periodontist and researcher in CBCT in human dentistry and medicine. He is the author of *Cone Beam Computed Tomography*, available on Amazon.

Pioneer and Market Leader in Point-of-Care Medical CT since 2001.
